# WORKTOPS AT ZEBRA

Worktops At Zebra is one of the UK's leading suppliers of high quality, bespoke Quartz, granite and acrylic worktops to the Zebra. We offer exceptional service from the first contact to the final completion, ensuring excellent results and complete satisfaction. All our worktops are fabricated in house at our Wakefield factory using the latest computer numerical control machinery (CNC) to manufacture a controlled and precise worktop installation.

## QUARTZ

Quartz worktops are fabricated from natural Quartz, one of the hardest minerals found on earth and small amounts of glass or metallic flecks to create a variety of beautiful worktops.

Some advantages of Quartz as a non-porous material, means that its texture does not allow bacteria to grow and resists against stains and does not need to be sealed, helping to protect your family and making kitchen clean-up easy.

Apart from its durability, Quartz is a beautiful material offering performance over traditional materials in a wide variety of colour options.
